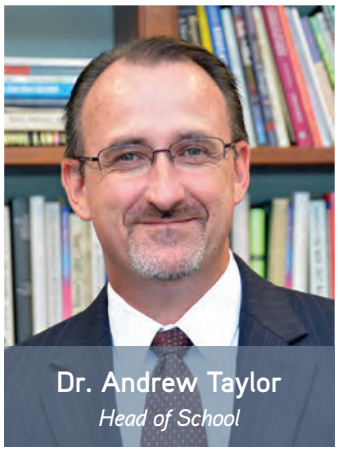
Every effort has been made to ensure accuracy. If a mistake has been made, please call the Development Office at 781.631.5800 and accept our apologies.

Dear Friends of Tower,



Dr. Andrew Taylor
Head of School

During my visits to Tower last year, I was struck by the wonderful way in which parents, alumni, grandparents, and friends give to the school year after year. This culture of philanthropy and volunteerism demonstrates your trust for, and appreciation of, the high quality and distinctive style of a Tower education. My wife, Robin, and I are proud supporters of the Annual Fund and look forward to giving in the years to come, as our gift provides resources and experiences all children need to flourish.

The pages that follow highlight donors and volunteers whose contributions made a significant impact on the school's ability to deliver and grow its program, support its teachers, and make Tower an accessible place for many families. Because of this generosity, Tower continues to grow and continues to be in solid financial shape. Our school is expanding and innovating its program thanks to new funds like the Williamson Innovative Science Education (WISE) Fund (see page 20 for an update on recent grants) and endowment growth thanks to the Stepping Forward Campaign. Teachers are recognized for their dedication and excellence in teaching, and are given resources for professional growth and development (see page 20 for news about faculty professional development.)

Special thanks go to those who not only gave generously, but also spent much time working to increase philanthropy at Tower. Going into his fifth year serving as the Chair of the Board of Trustee's Advancement Committee, and as co-chair of the Stepping Forward Campaign, please join me in thanking Ken Chicos for his outstanding leadership and contributions to Tower. Gabi Rogers also deserves thanks for her work as campaign co-chair, as do several members of the board for their committee work and support. My gratitude goes to Pat Milner and the Annual Fund Committee for their work, and to Liz Cunniff and the many hands that support the important work of the Tower School Parents Association.

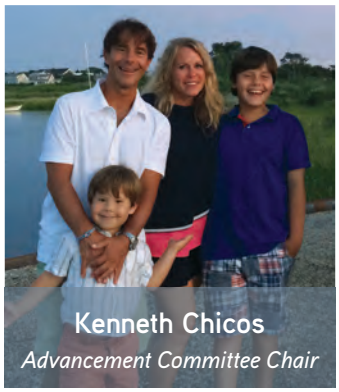
Philanthropy and volunteerism are incredibly important because they sustain excellence. We couldn't do it without your help. Thank you for sharing our goal of enhancing what is already an outstanding school. By continuing to support Tower through philanthropy and volunteerism, we can positively impact the lives of all our children.

I look forward to meeting you all and hearing your own reasons for giving so generously to Tower.

Warm regards,

Dr. Andrew Taylor
Head of School

Dear Friends,



Kenneth Chicos
Advancement Committee Chair

It is my great pleasure to thank the hundreds of people whose names follow in this publication. In particular, I would like to thank a number of volunteers who committed themselves to supporting Tower throughout the year.

Our Annual Fund Chair, Pat Milner, and her team of committee members, Kate Lockwood Bracken '92, Meghan Burke, Jeannie Garrard, Kit Jenkins, Anne Kirby, Carla Kenahan, Emily Sheehan Lopez '88, Jim Raisides, Chris Stafford, and Dorothy Zur Muhlen, cannot be thanked enough for soliciting support of Tower's most important fundraising program. **The Annual Fund** goes directly into the operating budget, supporting every person and program at Tower — and it plays a critical role in Tower's effort to mitigate tuition increases year to year.

I had the pleasure of working with Gabi Rogers as co-chairs of the **Stepping Forward Campaign** which raised over $3.7 million for Tower's endowment. I would like to thank Gabi, the Campaign Steering Committee, and members of the Board of Trustees for stepping up and dedicating their time to making the campaign a success: Edye Baker, Leila Blodgett, Jim Byrne, Meghan Burke, Bob Lang, Taylor Milner, Jim Polk, Mike Savage, Chris Stafford, Belinda Termeer, and Kevin Walker. Thank you to everyone who supported the campaign, especially those who did so in conjunction with continued leadership giving to the Annual Fund.

The **Tower School Parents Association** (TSPA) enjoyed another very successful year with Liz Cunniff (President) and Andrea Souter (Vice-President) at the helm. In the front of this report you will find a list of the many other parents who volunteered their time and efforts serving in other leadership roles in the TSPA. The work of the TSPA sets a wonderful spirit and tone among the parent community. Congratulations on a tremendous year!

With Emily Sheehan Lopez '88 and Tim Murnane '81 as co-chairs of the **Alumni Leadership Committee** (ALC), our alumni program and events continue to grow. Each year we see more alumni supporting the Annual Fund, returning for events, and supporting the school in other ways. Thanks to our first-ever February Alumni Challenge with peer schools, alumni participation in the Annual Fund more than doubled this year!

Edye Baker and the **Grandparents Committee** led another wonderful Grandparents and Special Friends Day. Over 200 guests visited classrooms and joined families for the Winter Concert. My thanks go to Edye and her committee for strengthening the ties between grandparents and Tower.

My thank also go to Kerry and Brendt D'Orio '91, and Libby and Steve Gransbury, for serving as co-chairs of the **11th Annual Tower School Golf Tournament and Reception** at Salem Country Club. Golfers enjoyed the most beautiful day yet for the tournament, and the tuition assistance program benefited from the generosity of our players and sponsors.

Tower faculty celebrated 100% participation for the second year in a row! (Parents, the challenge has been set!) Thanks go to all faculty for participating, and to Christine Henderson and Sig Orne '80 for their energy and enthusiasm leading the faculty charge.

Sincerely,

Kenneth Chicos
Advancement Committee Chair
Parent of Owen '16 and Wyatt '24

Thank you, Young Alums!

Tower's young alumni stepped forward in a major way in 2013-14. In the month of February, Tower participated in a young alumni participation challenge with nine peer schools from the greater Boston area. In just four short weeks, the Annual Fund received 40 new gifts from members of the classes of 1993 through 2013. In our first year participating, we finished the challenge tied for fifth place!

Thanks in large part to our enthusiastic young alumni donors, alumni participation across all class years more than doubled in 2013-14. Thank you for this tremendous increase in support. We look forward to keeping the momentum going—and finishing in first place!—in 2014-15!

Stepping Forward Campaign:

Investing in Tower's Future

Stepping Forward Campaign

On April 25, Tower School proudly announced its endowment campaign, Stepping Forward: Investing in Tower's Future. Launched in 2012, and with more than $3,700,000 raised from over 240 donors, this effort supports the school's most prized assets: people and program. Investing in the school's endowment will provide our faculty, students and program with the additional resources necessary to sustain and enhance the quality of our educational program well into the future.

Thank you to all who participated; with special thanks to the donors listed below for their leadership support of this campaign.

THE PETER S. PHILIP FACULTY CHAIR IN HISTORY

As a part of the Stepping Forward campaign, the Board of Trustees established the Peter S. Philip Faculty Chair in History in honor of Peter Philip's service to Tower. The intent of the fund is to honor Peter, a former history teacher for many years, in a way that also helps fund ongoing program costs. At Awards Night on June 9, Gillian Andrews was named the first recipient of the Peter S. Philip Faculty Chair in History in recognition of the work she does teaching social studies to fourth graders. Gillian is a dedicated teacher, a champion of students, and a respected colleague to her peers. For a term of five years, the Philip Faculty Chair will help fund Gillian's salary and benefits; as well as provide a special professional development stipend in years two through five – giving Gillian enriching experiences and opportunities outside of the classroom.

THE WILLIAMSON INNOVATIVE SCIENCE EDUCATION (WISE) FUND

In honor of Frances Williamson, the Williamson family established the Williamson Innovative Science Education (WISE) Fund. The WISE Fund will support the type of projects, units, and professional development that made Mrs. Williamson's science lab so unique. With the growing importance of science, technology, engineering and math (STEM) in our nation's schools, the WISE Fund will provide Tower with the resources to become a leader in innovative, hands-on STEM education, producing students with a lasting curiosity, passion, and aptitude for science.

Deborah Eames, Christine Henderson, Susie Schneider, Russ Wells, and Adam Zois's proposal for "Whatever Floats Your Boat" was announced as the winner of the first grant from the WISE Fund. "Whatever Floats Your Boat" is a STEM project designed to provide all grade levels at Tower School with a variety of experiences in developing an understanding of the concept of buoyancy, and then applying this knowledge to various aspects of the school's program. While primarily to be introduced as part of the science curriculum, this topic and its applications are relevant to many other academic disciplines.
